

## RGIS GUARDS RE DISMISSED.

Judge Clements Says All  
Evidence Proved Men  
Not Armed.

An Employment Agency Under  
Contract to Furnish 500 Men.

In an interview with the Sturgis News-Democrat, Mr. Jas. T. Gardiner, of New York, who is president of the West Kentucky Coal Co., stated last week that he would abide by the previously published plan of operating his company's coal plants independently of union labor. He says that union labor is unreliable and not able to compete with independent labor that demands the right to earn all of its skill and industry entitle it to. He says the various mining industries will boom Sturgis and all Union county, if the company be not hampered in its rights under the law. He takes the situation coolly and does not seem at all disturbed over the present agitation.

### Smith-Borders.

The marriage of Mr. Jas. Smith and Miss Daisy Bell Borders was solemnized at Springfield, Tenn., on the evening of Nov. 2, 1905.

The above marriage was a surprise to many of the friends of the contracting parties, as few persons knew of it till they were aboard the train for Springfield. Mrs. Smith is the youngest daughter of Mr. Wm. Borders, of Hecla. She is a very lovely girl and deservedly popular. The groom is a most highly respected young man. Their many friends wish them a long happy and prosperous life.

**Society Man Under Arrest in Owensboro.**  
Owensboro, Ky., Nov. 6.—A sensation was created here by the arrest of Henry Morton, one of the best known young men of Owensboro. He was placed under arrest by Deputy United States Marshal Nichols on the charge of removing valuables from letters in the local postoffice. Morton is night mailing clerk at the postoffice, where he has been employed for several years. He was held over to the November term of the Federal grand jury in the sum of \$1,000. He executed bond and was released.

Morton is about twenty-seven years of age and has been prominent in Owensboro socially for many years. He has a host of friends.

### WOMEN OF FASHION

**Dance Merely With Chicago's Humble Workmen.**

Women who lead Chicago society danced with men who toil with their hands for a living at Hull House last evening, and if smiling faces tell of joy the experience was a pleasant one for all, says the Chicago Chronicle.

The members of the Woman's Trade Union League gave the ball, and all social barriers were uprooted and thrown away for the evening. Mrs. Charles Henriotin, who usually graces only the exclusive social functions of the city, led the grand march with J. P. Doland, business agent of the Broommakers' Union. Mrs. Raymond Robins, of New York, was there and danced with men who work a year for the price of the gown she wore. Mrs. Laura Dainty Pelham danced with George Golden. Norris Henriotin danced with Miss Agnes Nestor, business agent of the Glovemakers' Union.

The ball was unique and labor was the leveler of the social barriers. The Woman's Trade Union League is composed of women who are to increase labor unions among the women. The national headquarters is in New York and there are branches in Chicago and Boston. Mrs. Robins was formerly the president, but she was succeeded by Mrs. Henriotin.

## PROPOSED ORDINANCE

Measure Affecting Traction Co.  
—Presented and Read at  
Earlington Council  
Meeting.

ORDERED PUBLISHED AND LAID  
OVER FOR FINAL CONSIDERATION  
AT NEXT MEETING.

At the regular monthly meeting of the Earlington city council held Monday night the most important business was the presentation of the proposed ordinance "granting the Madisonville Traction Co., the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville" on Seebree Avenue from the northern city limits to the southern city limits of Earlington, which ordinance had been in preparation by the attorneys for the city of Earlington.

The council was late in convening, awaiting the arrival of the ordinance from the office of the attorneys.

When the council convened the ordinance was read and, under advice of attorneys for the city, was ordered published in the Earlington Bee and laid over until next regular meeting, Monday, December 4th, for final consideration.

The ordinance is as follows:

**Ordinance Proposed.**

An ordinance granting to the Madisonville Traction Company the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville from the northern city limits to the southern city limits of the City of Earlington on Seebree Avenue in said City.

The said Council of the City of Earlington do hereby enact:

Section 1: That license and permission be and it is hereby granted to the Madisonville Traction Company to construct, maintain and operate an interurban passenger line using electricity as a motive power over a single track on Seebree Avenue from the northern city limits to the southern city limits of the City of Earlington upon condition that said railroad extend from the City of Madisonville to Nortonville, Kentucky; the said license is not to be exclusive, but shall at all times be subject to the terms and conditions herein expressed.

Section 2: The work of constructing said track and placing same in operation shall be done at the expense of said licensee under the supervision of the Board of Council; and so much of the street as shall be occupied or affected by the construction of the track shall be kept in repair at the sole and exclusive expense of the licensee and shall be repaired and constructed with similar material to the rest of the street and shall conform to the grade of said street as now or it may hereafter be established; and the construction and operation of said road shall at all times be subject to the reasonable regulations by ordinances of the said City; and said road shall be so constructed as not to obstruct any more than may be necessary the use of said street by the public.

Section 3: The said licensee shall indemnify and save harmless the City of Earlington and its agents against any and all claims for damages and indemnify any citizen damaged by reason of the construction or operation of said railroad through said street for personal injury and injury to real property, private or public, by drainage or otherwise; and said licensee shall, to render this clause effectual, give bond with good surety to be approved by the City Council conditioned as follows: Whereas an ordinance granting to the Madisonville Traction Company the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville from the northern city limits to the southern city limits of the City of Earlington on Seebree Avenue in said City; and whereas it is in said ordinance provided that said Madisonville Traction Company

shall indemnify and save harmless the City of Earlington and its agents against any and all claims or liabilities for damages for personal injuries to any person or to private or public property by drainage or otherwise; and whereas said ordinance and the terms thereof have been accepted by said Madisonville Traction Company and it desires to render said clause in said ordinance effectual, now therefore, in consideration of the premises, the Madisonville Traction Company, principal, and \_\_\_\_\_, its sureties, do hereby covenant to and with the City of Earlington for its benefit and that of its agents that they will indemnify and hold said City and its agents harmless against any and all claims for damages made by any person and indemnify any citizen damaged by, for or on the account of or growing out of the construction, maintenance or operation of said railroad track in Seebree Avenue whether the said claim be for personal injury or injury to real property, private or public, by drainage or otherwise, and we will defend any and all suits or proceedings brought against said City or its agents for or on account of any of those things and will pay any and all judgments and costs that may be recovered against said City or its agents in any such suit or proceedings together with the costs or damages.

Given under our hands this the \_\_\_\_\_ day of November, 1905.

Section 4: No car or train shall pass over said track at a rate of speed in excess of six miles an hour; and all cars and trains shall stop even with the curbing of intersecting streets, and said licensee shall have no right to obstruct any intersecting street, except while crossing same in motion; penalties to enforce the provisions of this section shall be provided in a separate ordinance.

Section 5: The said licensee and its successors and assigns may erect poles and electrical appliances in said street to be used in operating said railroad, but the city reserves the right to supervise said work and to cause the removal of any and all such poles, wires and apparatus when the said city may see fit; and to cause the adoption of system placing such wires and apparatus in underground conduits at any time after said road has been in operation.

Section 6: Said licensee shall commence the work of laying said track through said city in good faith within twelve months from the passage of this ordinance and pay for the same, and shall complete from Madisonville to Nortonville and run cars over and operate said railroad as a carrier of passengers between said points on or before the first day of January, 1906; and it is provided that if said road be not completed and in operation on or before the first day of January, 1906, for the entire distance from Madisonville to Nortonville, then the license and rights herein granted shall be null and void and all rights of the licensee hereunder shall cease and terminate; and said council may by ordinance order the removal of any and all poles, wires and apparatus from said street at the expense and cost of the licensee.

Section 7: The license and privileges herein granted shall extend and continue for a period of twenty years from and after the passage of this ordinance unless sooner forfeited according to its terms; and this license shall not be transferable or assignable to any other Company or person and shall not be deemed to be exclusive; and if the licensee shall attempt to alien, transfer or assign any rights under this ordinance to any Company or person, then all rights under same shall be forfeited and the city may proceed as provided in section six.

Section 8: The terms of forfeiture and other terms of this ordinance and license shall be deemed conditioned subsequent.

Section 9: Nothing herein shall be construed to abridge or interfere with the police power of said city or over said street; and the use of said street at all times be subject to reasonable regulation by ordinance.

### A Pleasant Evening.

Mr. and Mrs. Jno. B. Atkinson entertained informally at their home Saturday evening in compliment to their charming guests, Misses Banks and Seebree. Five Hundred was played and delicious refreshments served, the occasion proving in every way a most happy one.

## FRANK BALL

Will Return to Middlesboro, and  
Face a Bell County  
Jury.

WHEN ASSURED OF A FAIR TRIAL.

Frank Ball, the alleged Bell county fugitive-murderer, says he will return to Middlesboro for trial when satisfied he can have a fair and impartial hearing. The troops at Middlesboro spent a quiet day and there was no further trouble with the outlaws in the mountains, who are now said to be under the leadership of Riley Ball, a sixteen-year-old boy. Under a misapprehension Col. Roger Williams, of the 2nd Reg., K. S. G., ordered all the companies of his regiment ready for service in the mountains, but it is not now thought they will be needed.

Houston Ball, brother of Shelby Ball, who is the reputed leader of the gang in the mountains, and of Frank Ball, accused of Jack Bolon's murder, and uncle of Riley Ball, a sixteen-year-old boy, indicted for complicity in the murder, gave out an interview, in which he said that Frank Ball had left the country. Shelby Ball, he says, is ill unto death of consumption and heart disease, and he believes Riley Ball and the gang have left the mountains. He says that he has been in communication with Frank Ball, and that he will return and surrender to the authorities within two weeks. It is said that an effort is being made to receive assurance from Circuit Judge Moss that he will be given bail before he gives himself up.

Despite the reported conflict in the mountains yesterday, two hold-ups were reported from Cumberland Gap, and it is said \$97 in money was obtained from the men who were stopped. It was believed that Shelby Ball is not the leader of the gang, but that Riley Ball, the boy, is the leader. Houston Ball said that he had positive information that the hold-ups had been committed by Charles Burch, a former convict, from Tennessee, and Pat Gully, who is with the gang.

Ball is not sure how many men have been hiding in the mountain fastness, but believes there are only a few.

A reputable resident of Cumberland Gap visited the camp last week, however, and counted twelve men. Among them were Burch, Gully, Shelby and Riley Ball, two men named Linger and Wilder and Jim Stewart, who, it is said, owns and operates the blind tiger. This same resident, who visited Middlesboro Monday, said that two men had been held up in the mountains and robbed of \$97. He was not sure of their names, but said they had reported the case to the Tennessee authorities. He also said that Shelby Ball was seen in Cumberland Gap yesterday.

There was a report rifle at Middlesboro Monday, verified from Cumberland Gap, that Shelby Ball and one son are now staying at a house known as the Crosby place, just over the Tennessee line. It is reported that this has become the headquarters of the gang, and upon this evidence the Tennessee authorities will be appealed to for assistance in the arrest of the gang.

Houston Ball is the owner of a saloon in Middlesboro. He has a high reputation as a business man, and his statements regarding the brothers are regarded as correct. He said this afternoon

that Frank Ball has not been near Middlesboro for at least ten days. In connection with the shooting of Robert Bryson, the Louisville and Nashville watchman, who was wounded Wednesday night, he said that Frank Ball was more than a day's ride away. He further said that Frank Ball had not been in the mountains, and that he had been in communication with him and has knowledge that he will surrender to the authorities. This, he said, will be, he believes, within two weeks, and possibly sooner.

### RURAL DELIVERY ROUTES.

Kentucky has 594 With 195 Petitions Pending.

The number of rural free delivery routes in Kentucky according to the reports of the Fourth Assistant Postmaster General which has just been made public is 594. Petitions for 195 routes to be established are pending.

The Second Congressional District has 104 routes and petitions pending for the establishment of 18 more in the district.

The state of Tennessee has 1,478 routes and 2,063 are in operation in Indiana.

### Doctors Hopeful of

Editor Matthews' Recovery.

The physicians at the Western Kentucky Asylum for the Insane are hopeful of the speedy recovery of Heber Matthews, the well known editor of the Hartford Herald, who was a few days ago adjudged to be of unsound mind and brought to the institution for treatment. The trial was held in the Ohio county court. Mr. Matthews has been connected with the Herald for fifteen years and has long been regarded as one of the ablest newspapermen in Western Kentucky. He is a prominent member of the Kentucky Press Association. Mr. Matthews has been ailing for several months, but his devotion to his profession kept him hard at work in spite of his physical condition until a nervous breakdown resulted. He has improved steadily since he has been undergoing treatment at the asylum, and will probably soon be able to return to his home and resume his journalistic duties.

### South Kentucky College to be Rebuilt.

South Kentucky College, which burned recently at Hopkinsville, will be rebuilt at a cost of \$30,000. Rev. J. W. Hardy, at one time connected with the institution, has been prevailed upon to raise the money, and says if Hopkinsville will do her duty he can get the necessary outside aid. Mr. Hardy was mainly instrumental in securing funds to put up a new building after the fire of 1884.

### Fire at Crofton.

Hopkinsville, Ky., Nov. 6.—The town of Crofton was visited by a \$15,000 fire late Saturday night that destroyed seven business houses in the principal business portion of the town. The buildings burned were C. M. Dulin, dry goods, loss \$5,650; insurance \$2,400; M. H. Brown & Son, general store, \$3,700; insurance \$1,400; Crofton Hotel, \$3,800; insurance \$2,000; W. H. Martso, drugs, \$1,000; no insurance; Croft & Brasher, drugs, \$1,300; no insurance; Joe Lanier, saloon, \$500; no insurance; Home Telephone Company, Exchange in Martin's store, \$500, with no insurance.

Famine is prevalent in 100 districts of 23 Russian provinces. This means that 18,000,000 persons will have to be fed until next July.

## DEMOCRATIC

## Clean Sweep Made for All the County Officers.

## LYNCH DEFEATED FOR THE SENATE.

Unofficial returns from the election in Hopkins county show the entire Democratic ticket elected by pluralities ranging from 351 for Frank Rives, for State Senator to 719 for Zack Craig, for Jailer. Others in the race averaged from 563 for Ruby Laffoon, county attorney, to 87 for J. M. Ashby for assessor.

Wm. Lynch made the best showing for personal popularity in his home precincts of any candidate on either ticket, but he was defeated, since the Republican party was so torn apart in Christian county that the Democrats were able to carry that county by the small margin of 50 or 100 for Rives. In Lynch's home precinct of Dawson local majority for Lynch as compared with the Democratic majority for that precinct last year. In Charleston precinct the change in majority is 61 for Lynch, as compared with last year.

J. Will Robinson made a good showing in his home precincts, leading his ticket by 33 votes. There was more scratching done in that precinct Tuesday than was ever known before.

Election day was ideal as to weather and passed off quietly and without any difficulties at any of the county.

Only three of the Republican candidates received a larger total vote than J. Will Robinson, the man from Earlinton, and Mr. Robinson was one of those who led his ticket by a flattering margin in his home precincts.

It appears too, from the unofficial returns, that Mr. Robinson was running against one of the very strongest men on the ticket, Will T. Mills, polling next to the largest vote cast for any democratic candidate.

The tabulated unofficial vote of the county is published today. The official table will be published in these columns, when the count is made, and the vote analyzed and compared with last year.

The chief trouble with the Republican seems to have been that the stay-at-home Democratic vote of last year came to the polls this year in sufficient numbers to snuff all the Republican candidates under.

## COWELL ELECTED.

## Citizens' Ticket for Councilmen of Earlinton Had No Opposition.

## THE REPUBLICANS ELECT MAGISTRATE AND CONSTABLE.

In the city election in Earlinton the fighting line was on the City Judge's race between Chas. Cowell, for reelection, and James Priest. Returns gave the election to Cowell by a margin of 30 votes.

Wm. F. Burr was reelected Mayor without opposition and the old Board of Councilmen, with but one change, was reelected and without opposition. The Councilmen elected are Jno. B. Atkinson, Geo. C. Atkinson, Thos. Blair, Henry C. Bourland, L. H. O'Brien, J. M. Oldham, Mr. Oldham is the new member elected in place of Judge A. R. Stokes, who did not stand for reelection, because of feeble health.

John R. Evans was elected on the Republican ticket for Magistrate in this district by a majority of 129 over Ernest Norton, the Democratic nominee. The vote was as follows: Evans, 676; Norton, 447.

Jno. W. Summers, Republican, was elected for Constable by about 215 majority over R. N. Clark, Democrat.

The Ladies' Aid Society of the M. E. Church, South, will hold an all day quilting at the parsonage on next Monday. The ladies are requested to bring their lunch.

Robt. M. Hopkins, State Sunday School Evangelist, will conduct a two days' institute at the Christian Church here Wednesday and Thursday, Nov. 15 and 16. Mr. Hopkins is thoroughly conversant with the best Sunday school methods, a splendid singer and an enthusiastic man. The evening addresses will be illustrated with stereoscopic views. A cordial invitation is extended to all the schools in the city to participate in the sessions of the institute and profit by Mr. Hopkins visit.

Married.

Mr. W. T. Vannoy and Miss Ada Offutt were married at the residence of the bride's parents in the Grapevine country Wednesday night at 8 o'clock. Howard J. Brazelton, of this city, serving the ceremony. Mr. Vannoy is a prosperous and energetic farmer of the Bethlehem neighborhood, and his bride is a most estimable young lady, the daughter of Mr. Jno. Offutt, a large number of friends witnessed the ceremony and showered congratulations upon the happy couple.

FATAL STORM IN OKLAHOMA

Six Killed and a Number Fatally Injured at Mountain View, Oklahoma. Building Destroyed.

Mountain View, Okla., Nov. 7.—A tornado caused great damage here and killed six people. The dead: W. T. White, F. W. Clark, J. S. Barkley, Mrs. Jennie Jones, Mrs. W. M. Holt and two children. Mrs. Robert Holmes.

The pathway of the tornado is about 100 yards wide, and is only a mile long, but in this small area the havoc was great.

A number of people are fatally hurt. Many buildings were demolished, others unroofed or partially crushed.

## A WORD WITH ADVERTISERS

### Advertising With a Plan.

The modern advertiser goes about the advertising campaign in a totally different way to the advertiser who is governed by precedent. The wide-awake advertiser is not content to believe that any old kind of advertising placed in most any medium that might happen along will get him results, but he goes to work and formulates a plan to get as much as he can for the money invested the same as he would were he planning to buy anything else for his advertising on a fixed plan and along scientific lines.

Too many business men think that advertising consists in putting copy in a medium and waiting for results, they have got along and made some money in this way for a good many years and they don't see any necessity for a change now. If this sort of advertising pays, carefully planned advertising would pay them ten times over.

Advertising conducted on the "no plan" basis cannot possibly yield the returns that it would if it were the result of a carefully arranged policy. The business houses who do such advertising get only the business of the people who actually want the goods and come and get them because the advertisement gave them the information that they would have had to find in the city directory. The profitable kind of advertising is the kind of advertising that creates wants—make things they had not thought of before—that gets hold of the desire and makes sales.

### OFFICIAL BULLETIN

Shows Decrease in Railroad Accidents During Year of 1905.

Accident Bulletin No. 16, just issued by the Interstate Commerce Commission, completes the record of accidents to employees and passengers upon the railroads of the United States for the year ending June 30. The total number of passengers killed in train accidents was 350; injured, 6,498. The total number of employees killed in train accidents was 798; injured, 7,052. There were 187 passengers killed in other than train accidents, and 58,374 injured; making a total of all classes of 537 passengers killed and 10,040 injured, and 3,261 employees killed and 45,426 injured. This is an increase of 117 passengers killed and 1,903 injured; a decrease of 306 employees killed, and an increase of 2,100 employees injured. There were 6,224 collisions during the year, with a money loss of \$4,849,064, and 5,371 derailments, with a money loss of \$4,892,902; a total of 11,695 collisions and derailments and a total money loss of \$9,711,656, being damage to cars, engines and roadway.

### Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. The Court of Appeals at Frankfort Friday upheld a judgment in a damage case against the Louisville & Nashville Railroad Company. Judge O'Rear delivered an opinion upholding the Hopkins County Circuit Court in a case of the Louisville and Nashville against Lawrence Bishop. Appellee secured judge below for \$841 for personal injuries sustained while in the employ of the company.

Conductor Jno. Longstaff, of Greenbrier, Tenn., was here Sunday visiting friends and relatives.

Conductor Buckley, of Hopkinsville, was in the city Sunday.

D. H. Sharp, agent at Sebree, has returned from a visit to home folks at Eldorado, Ill. This is the first time that he has been off on a vacation in two years.

More than \$12,500,000.00 annually are paid to employees of Railroads in Kentucky.

Reports for 1904, on file in the office of the Ky. State R. R. Commission, show that the number of employees that year, exclusive of General Officers, was 20,639, and the were paid, in wages \$12,516,197.00.

This represents an average annual payment to each employee, exclusive of general officers, of \$607.00. An average daily payment for all classes of railroad labor is all the more noticeable when compared with the wages paid in foreign countries to the highest classes of railroad labor, viz:

Average Daily Pay	Engineers	Conductors
Great Britain	\$1.62	\$1.01
Belgium	\$1.22	\$1.09
United States	\$4.01	\$3.35

Operator Pat Duffy has returned from Oklahoma Territory, where he has been prospecting.

B. S. Duffy, who has employed as night caller in the transportation department at this place, has resigned. He returned to his home at Elkton Tuesday.

Yard Clerk Mart Johnson was in Madisonville Monday on business.

David Cowell, time keeper for Foreman L. H. O'Brien, has been on the sick list the past week, but is now improving.

The tunnel under Baker's Hill, on the L. and N. railroad, sixteen miles west of Nashville, has been completed, and the first trains went through Monday. The tunnel is nearly a mile long, and with the approaches cost about \$2,000,000. An interesting feature connected with this tunnel is that no dirt was taken out, it being built through solid rock. Supt. Jno. W. Logsdon, Chief Dispatcher E. L. Wise, Trainmaster M. Searceant, of this place, and several officials from Nashville were present at the opening of this tunnel.

Thomas Gallagher, of Elizabeth N. J., was the victim of a peculiar accident at that place Monday. He was buried under a heap of live coals and burned to death. Gallagher had crawled into an ash pit under the railroad tracks or the Port Reading yards on Sunday night and went to sleep there. An engine backed down to this pit early Monday, and, stopping directly over the spot where he lay asleep, dumped burning coals and red hot ashes upon him in such quantities that the sleeping man was completely covered.

An engine was stationed at the north end of the yard Tuesday to assist the steam shovel now at work enlarging the yard. The engine is in charge of Engineer Pat Whalen, Jr., Foreman Ed. McCarty and Switchman Morris.

Mr. Steve Mothershead, of Howell, Ind., was in the city Tuesday to vote.

## THANKSGIVING PROCLAMATION.

Washington, Nov. 2.—The President today issued his proclamation naming Thursday, November 30, as a day of thanksgiving. The proclamation follows:

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA—A PROCLAMATION.

When nearly three centuries ago the settlers came to the country which has now become this great republic, they confronted not only hardship and privation, but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed in memorial usage. We live in easier and more plentiful times than our forefathers, the men who, with rugged strength, faced the rugged days; and yet the dangers to national life are as great now as at any previous time in our history. It is quite fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of Good, and at the same time that they express their thankfulness for the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them. During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of well being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies, and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and of prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it.

In witness, whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this second day of November, in the year of Our Lord one thousand nine hundred and five, and of the Independence of the United States the one hundred and thirtieth.

## Distinctively Different In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers the field peculiarly and exclusively its own.

It is issued twice every week. A big SEMI-WEEKLY paper, eight to ten large pages every Tuesday and Friday. One Dollar a year.

Nothing particularly different, you say, about that—there are other "Twice-a-Week" papers.

Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect.

An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of preserving and presenting the CONTINUITY OF NEWS.

The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week.

They are so combined in the make-up as to form continued and connected stories of the various important events, showing the developments from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few telegrams of the day of issue.

The "Twice-a-Week" Globe-Democrat gives the telegrams of every day of the week in more comprehensive than the average daily, and of more value to the average reader.

Moreover, the "Twice-a-Week" Globe-Democrat is not simply an edition of the daily edition.

It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of the earth—and something more.

It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old.

It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail.

Its departments devoted to "The Home," "The Farm and Garden," "The Family Circle," "The Sunday School," "Science and Industry," are each and all THE BEST of their kind and either one is more than worth the subscription price of the paper.

Its policy is strictly EXCLUSIVITY, but it is above all a news-paper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and home journal.

Remember the price, only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 TODAY for a year's subscription. Or you can get your own paper ONE YEAR WITHOUT COST by inducing two of your neighbors to subscribe and sending their names with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.

## A FOOLISH PLAN

"It is a joy to eat—I welcome my dinner hour because I feel that I am getting the best of health. I am not suffering from indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuritis in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasure if they do not finally rob you of life itself. "I'm bound in the bowels," is a common expression of people who look miserable and are miserable—who persist in "letting nature take its course." "What a foolish plan, when you could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. "August Flower gives new life to the weary and restores health to the sick. Two sizes, 25c and 50c. All druggists. For Sale by St. Bernard Drug Store.

## Could Stand Another.

A Kentucky editor attended a reception and in the wait before dinner the hostess entertained her guests with music. During the interval she turned to the editor and said: "Would you like a song before dinner?" His heart bounded within him as he replied: "Why, yes, thanks; I had a couple as I came along, but I can stand another."—Mayfield Monitor.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, flatulence, belching, and all forms of indigestion. Sold by St. Bernard Drug Store.

An expedition in search of the North Pole will start from Dawson, Yukon Territory, in the summer of 1908. If the plans of the International Arctic Expedition for Polar Research and Experiment are carried out, Gov. W. B. McInnes, of Yukon, is one of the leaders in the movement, and Gen. Greely, U. S. A., thinks the plans of the society feasible. The main difference between the plans of the Yukon explorers and those of expeditions in the past is that the Yukoners expect to utilize their knowledge of ways and means of existence and transportation in the Arctic.

## Constipation.

Health is absolutely impossible, if constipation be present. Many serious cases of liver and kidney complaints have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Constipation is a remediable matter. C. A. Lindsay, P. M. Bronson, Fla., writes, Feb. 11, 1902: "Having tried many remedies, I find a fine medicine for constipation." See a bottle. Sold by St. Bernard drug store.

On all the crops raised in New England soil, the one being burned by Cyrus J. Brownell, of Worcester, Mass., is described as the most unique—and the least pleasing to his neighbors. Mr. Brownell is a snake farmer, and he is rearing crops of rattlesnakes, king snakes, pine snakes and other reptiles, which he supplies to the pet family for strictly commercial purposes.

**Sluggish Liver a Foe to Ambition.** You can not accomplish very much if your liver is inactive. If you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or grip and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. Sold by Jno. X. Taylor.

The election was held in the old Hecla store building.

Mr. Jno. Longstaff spent Sunday with Mr. W. P. Jennings.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the body of the necessary tissue-building material, but it also poisons the blood. Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by St. Bernard Drug Store.

John D. Rockefeller is the richest man in the world. The value of the securities he holds is greater than the holdings of any other individual in the world. He is represented on the boards of more than 125 corporations. His income within the last eight years, according to this Wall street publication, has exceeded \$200,000,000. Half of this vast sum he received in dividends from the Standard Oil Co. The rest came from corporations in which he is interested.

A Scottish correspondent writes of funerals in the Highlands: "There are no undertakers here. A carpenter makes the simple coffin, relatives and friends carry it, hip high, to its last resting place, which is dug when the end of the journey is reached, and, having walked six miles to the chosen kirkyard, they take a refreshment of whiskey and walk home again. The rigorous absence of pomp is maintained, but there is the added embellishment of pipe music."

## Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

## Tragedy in Monroe County.

Glasgow, Ky., Nov. 6.—As a result of a quarrel at church near Clementsville, on the Kentucky and Tennessee border, in Monroe county, Sunday night, Duke Burk is dead, and John Burk unconscious, with his skull crushed. Mrs. John Murray has a badly bruised head and Mrs. Will Murray is in bed with wounds about the head and face.

The trouble started in a quarrel at the church between the Burk boys and John and Will Murray, but was apparently settled and all went home. Shortly afterward Duke Burk, father of the Burks boys, went to the Murray home and opened fire on the house with a shotgun. The neighbors ran out in the yard, and the Murray boys fired a load of buckshot into Burk's body, killing him instantly. In a few minutes John Burk appeared on the scene and fired a shotgun through the Murray house, but failed to harm any one. The Murray boys ran out in the yard and Burk entered the house and began to slay the women, badly wounding old Mrs. Murray and Mrs. John Murray.

Will Burk was beating Mrs. John Murray, her husband ran in and struck him a blow which felled him and rendered him unconscious, crushing his skull. No arrests have been made.

## HERESY CHARGES WILL NOT BE DROPPED

Rev. Bradley, of Atlanta, Will Be Called On to Face His Conference.

DR. SNOW, THE PROSECUTOR, SAYS HE IS BRADLEY'S FRIEND.

The sermon on which the charges of heresy against Rev. Dr. H. H. Bradley, who is to succeed Rev. J. W. Lee, at St. John's church, St. Louis, will not be allowed to die out, but a new board will be asked for to meet the North Georgia conference at Newmarket November 22, and Dr. J. N. Snow announced that he will push the charges harder than ever.

Dr. Snow has issued several statements relative to his position, and insists that he is still the friend of Dr. Bradley, and simply wants him cleared once and for all. Others look at the matter differently, and can see persons who have never been friendly to Dr. Bradley in the past, standing behind the prosecutor and directing his every move in the case.

It will be interesting to read the following extracts from the sermon preached by Dr. Bradley in 1902 at Wesleyan female college, and which is understood to furnish the basis for the heresy charges.

**Basis of the Accusation.**  
Text—"I, when were enemies, were reconciled to God by the death of His Son, much more, being reconciled, shall we be saved by His life."—Romans viii.

"The Apostle Paul's conception of the merit and influence of the death of Jesus harmonizes with Jesus' statement about His own death. He says that the death of Jesus reconciles us to God, and not God to us. It was not necessary for Jesus to die to make God man's friend. There has never been a moment in the history of the human race when our Father has not loved us as the best friend of each individual. In the early chapters of Genesis we find a record of an everlasting covenant between God and man. Even after the story of the first sin, when the curse was pronounced, the words immediately following are, 'For he has cursed is the ground for thy sake.'"

"In other words, after a fall from innocence, the best thing is work. When we remember Christ's words about the Father as loving us more tenderly and wisely than an earthly father loves his children, we are surprised that anyone can think of God as the arch enemy of the human race. The idea that God became so infuriated with our first parents, because of their disobedience, that He refused to love or make friends with them, and that He transferred His hate to their offspring and to the offspring of their offspring, and that He damned them on all the time, and in the sweetest of revenge, refused to stop the interminable procession into hell; that He persistently refused to make terms with man till He had shifted His vengeful heart with His Son's blood, is not scriptural. It is unscriptural. It is a picture of a monstrous demon and not of Jesus, the Christ."

"Man can not conceive of a greater contract than that which God made with man, and the picture drawn by Christ and the prophets and apostles of our Father, who plies as an earthly father plies a frightened child, and who stands with extended hands, pleading with us to come to Him and find peace and joy and rest. God's every act has been prompted by love, for God is love."

## MINING NOTES.

An agreement has been perfected at Chicago consolidating companies operating twenty-five bituminous coal mines located in Illinois, Indiana, Ohio and West Virginia, with a total daily output of 25,000 tons. The consolidated company will be operated as the O'Gara Coal Company, of Chicago, T. J. O'Gara, who is in control of the company, which is one of the largest in the United States, is made president.

The miners of the Southern Coal Co., who have been on a strike at New Baden, Ill., since July 1st, have voted to return to work. The strike involved 350 men and arose over the amount of powder that should be used in firing shots. The operators' contention that coal could be shot with 2 pounds of powder has been sustained.

Mahanoy City, Nov. 6.—James E. Roderick, chief of the Bureau of Mines and Mining, recommends the appointment of a commission of expert mining engineers to frame a law that shall be binding alike upon bituminous and anthracite operators. When the accidents in and about the coal mines are analyzed, he says, it is found that the responsibility rests to a great extent with the victims themselves. Of the 505 lives lost in the mines in the United States during the past year 282 were lost through negligence of the victims and only fifty-six through the carelessness of other persons. In fifty-three of the accidents the responsibility cannot be determined and the remaining 204 are classed as unavoidable.

Mr. Pat Blair, stable boss at the South Diamond mine, Mortons Gap, was here Sunday visiting relatives and friends.

Ike Smith, blacksmith at the St. Charles mine, was in town Sunday visiting friends.

Articles of incorporation have been filed with the Secretary of State at Frankfort by the Hart County Clay, Oil and Mineral Company, of Horse Cave, Ky. The company is incorporated with \$150,000 capital, and R. T. Smith, W. P. Cowser, and S. S. Gorby, of that place, are named as incorporators. They will conduct operations in Hart county.

The tests that are being made at Hanson by certain parties are progressing very rapidly and satisfactory to the ones interested in the operations. The No. 11 vein has been expected to be found by drilling only 13 feet further. It is thought that this vein will be reached by the end of the week.

Larry Todd, of Arnold mine, has accepted a position with the mechanical department of the L. & N. R. R.

Mr. Jesse Brooks, of this city, was in Madisonville Tuesday.

Robt. Brown, of this place, was in Madisonville Monday.

Eugene Kelly, of this place, was in Madisonville Monday.

Mt. Sterling, Ky., Nov. 6.—One of the largest deals made in Eastern Kentucky has just been closed at Beattyville, when the Beattyville Black Coal Company signed a contract, selling their entire output to the city of Chicago. The miners will put out ten cars daily, which will be shipped direct to that city. This deal means an expenditure of thousands of dollars to the mine owners and will give work to one hundred men through the entire winter.

Sturris, Ky., Nov. 7.—The large stock stables and black smith shops of the West Kentucky Coal Company caught fire from an unknown source today and were destroyed. The loss is \$3,000.

## CRAZY STEP-MOTHER'S DEED

The Woman Is at Hospital Fatally Injured in Effort to Commit Suicide.

Minneapolis, Minn., Nov. 7.—Three children are dead and one is badly wounded while the mother lies fatally injured at the city hospital as the result of a tragedy at the home of Jas Brennan, a fireman. The dead: Alice Brennan, aged 14; Little Brennan, 13; Arthur Brennan 5. Seriously injured: Thomas Brennan, 11. Mrs. Stella Brennan, 27. The woman says a stranger shot the children first through a window and then through the door. The police think Mr. Brennan did the shooting. The couple had separated, but recently became reconciled. She is step-mother of the children, and is believed to have become temporarily deranged because of jealousy of the children. The woman has tried suicide twice previously.

## HANDS CRACKED AND PEELED

Suffered for One Year—Water Caused Agony, Heat Intense Pain—Grew Worse Under Doctors—Could Not Do Any Housework.

## ANOTHER WONDERFUL CURE BY CUTICURA

"About a year ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. I put my hands in water, I was in agony for hours, and if I tried to cook over the stove, the heat caused intense pain. I consulted a doctor, but his prescriptions were utterly useless. I gave him up and began to feel much better. After using them for a week, I found to my great delight that my hands were beginning to feel much better. The deep cracks began to heal up and stop running, and to-day my hands are perfectly well. The one case of Cuticura Soap and one box of Cuticura Ointment, being all that I used. (Signed) Mrs. Minnie Drew, 18 Dana St., Roxbury Mass."

## ONE NIGHT TREATMENT For Sore Hands and Feet with Cuticura

Soak the hands or feet on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the greasy skin. Wear on the hands during the night old, loose gloves, or bandage the feet lightly in oil, or cotton or linen. Cuticura Soap, Ointment and one box of Cuticura Ointment, being all that I used. (Signed) Mrs. Minnie Drew, 18 Dana St., Roxbury Mass."

## Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kas., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We used Cuticura Soap and Ointment, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c. 50c. and \$1.00. Sold by St. Bernard Drug Store.

## COLORED COLUMN

EDITED BY J. M. ROBINSON.

Messrs. Charles Bradley, Boyd J. Allen, and his brother have moved into the Marion Hays house, and Mr. Reason Wortham is living in the house that Mr. Bradley moved from. While the moving and changing were going on, Mr. Mrs. L. C. Hartin took a part in it, and moved to Mr. Twin Clark's.

Miss Mabel Palmer and Mr. Albert Toltner were quietly married Thursday, Nov. 2, at 8 o'clock p. m., at the bride's home, by Rev. H. Amos. May their future life be a happy one.

Mr. James Childress, who has been suffering with a boil on his hand for the past week, is able to be at work again.

Little Georgia A. Boyd, who came here some time ago sick with the scarlet fever, is able to be out now.

Prof. T. H. Moore made a business trip to Hopkinsville Saturday and returned on the night of the election Tuesday. As he was a candidate for magistrate, of course it was essential for him to be there.

The M. Z. Baptist church met Sunday afternoon at 2:30 o'clock and was well attended. Mrs. L. C. B. Y. P. U. We truly hope that every worthy person will attend each Sunday afternoon.

## HECIA NOTES—COLORED.

Rev. J. C. Douglas preached an excellent sermon last Sunday night to a crowded house.

Mr. Ed Williams, of Crabtree, was here Sunday among his friends.

Mr. Gus Grady, who returned from Zeigler, Ill., was here last week to see his father, Perry Grady.

Mrs. Lizzie Landers entertained a number of her friends one evening last week. All who attended report a grand time.

Mr. Jim Wallace met with an accident last week in getting his foot mangled in No. 9 mine. He seems to be getting along nicely.

Mr. Tilman Townsel, of Madisonville, was here Saturday and Sunday.

Mr. Bud Ford was struck on the head by a piece of falling slate while at work in Fecla mine last week.

Miss Rosa Quarles visited her sister.

## The Sins of the Parent FREQUENTLY FALL UPON THE CHILDREN

Especially terrible does it seem that children should be born into the world—as they frequently are—having in their little innocent bodies the germs of Specific Blood Poison, or, more frequently, Scrofula, which is, as a rule, the result of Specific Blood Poison in some ancestor.

It would be an outlook almost too intolerable to contemplate if such scourges as scrofula and other forms of blood poisoning were incurable. Yet for long centuries these diseases have baffled the most skillful medical science.

Men and women in the past have resorted to cures for these diseases which were almost as obnoxious and dangerous as the disease itself.

The taking into the system of mercury and other mineral drugs cannot be too strenuously condemned and avoided in such cases.

That a cure, absolute and sure, can be effected is evidenced by the following letter, telling of the result of taking

## FOERG'S REMEDY

Oconomia, Va., Aug. 15th, 1903

To Whom It May Concern—We have two little twin girls that were badly afflicted with Scrofula. After trying three of the best doctors who could employ they continued to get worse all the while. I was advised by a friend to try Foerg's Remedy, so I procured one bottle, and it has cured them several times. This was four years ago, and no sign of return, so I cannot say too much for this medicine, for it is the best blood medicine in the world.

This is a true copy of statement sent us by Mr. Courtney, and is on file in our office.

FOERG REMEDY CO.

Don't delay, but go to your druggist and get a bottle. If your druggist does not handle this remedy send us \$1.00 for one bottle or \$5.00 for six bottles, with our absolute guarantee or money refunded by druggist or this company in full. All packages sent in plain wrappers. All correspondence strictly confidential.

### HAPPENINGS IN KENTUCKY.

Georgetown, Ky., Nov. 6.—A fire which started in Frank Turner's restaurant at Stamping Ground burned down the People's Bank, A. Ford's brick building, McKeever and Coleman's barroom, run by Tom Spaulding, and Drs. Stewart & Crutchfield's office. Hick's and Jameson's buildings and Stewart's drug store were also injured. The total damage is about ten thousand dollars with partial insurance.

Monticello, Ky., Nov. 7.—One of the most shocking tragedies that ever occurred in this community was that Sunday at Oil Valley following the explosion of an oil stove, in which Mrs. Arthur Massengill was burned to death, her husband and sister-in-law fatally burned. The house was destroyed. Mrs. Massengill undertook to start the fire by pouring oil into the stove. An explosion followed, with the results named.

Richmond, Ky., Nov. 6.—Sidney Stacey, Chief of Police of Irvine, Ky., and George Alcorn, also of Irvine, fought on the street there tonight with pistols. Alcorn was instantly killed. Stacey was shot twice and will die. There had been bad blood between the men for a long time. Alcorn, who had been away from Irvine for some months, had just returned home today to be present at tomorrow's election. He was going to his home when he met Stacey, and without a word being spoken both men pulled their guns and began shooting. Alcorn was unmarried, while Stacey has a large family.

Danville, Ky., Nov. 6.—Telephone information was received at a late hour this afternoon of a bloody fight which took place just over the border line in Casey county yesterday. Grubbs Triplett and Clod Mayes, according to the information at hand, called at the home of John Pemberton, in a drunken condition, and quarreled with him. Triplett and Mayes drew their guns and Pemberton grabbed an ax which sat inside the door. He struck Triplett twice in the back, inflicting two wounds penetrating to the cavity and then turned upon Mayes, who received a slash in the face, laying wide open a gash four inches in length. The blade of the

ax, which is the usual kind used by the woodman, passed through Triplett's back on each side of the spinal column. During the fight Pemberton was shot through the right arm and another ball passed through his body near the heart. He is in a serious condition, as are also his antagonists. The men are too seriously wounded to be arrested.

G. E. Burhans Testifies After 4 Years. G. E. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney cure. It entirely stopped the brick dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." Sold by Jno. X. Taylor.

#### "Around the Town."

The following article is from the Little Rock Gazette concerning Murray and Mack, in the great laughing, musical farce "Around the Town."

"Murray and Mack have again struck their regular gait. They are back where they belong, in farce-comedy, with an Irish flavor. There they are at home and when they appeared in their new comedy 'Around the Town,' at the Capital Theatre last night they had a house full of people laughing every time they spoke or made a move. In their special line Murray and Mack are undeniably funny and they have thousands of appreciative admirers. But they are not all the show. They are naturally a great deal of it, but it would not be a bad show with them out, even. There are quite a number of good features and specialties. The Trocadero Quartette, a high priced vaudeville attraction, made a great hit, scoring half a dozen recalls. The swinging chorus to 'How'd You Like to Spoon With Me,' in which half a dozen pretty girls dressed as school children and pushed by others dressed as Buster Browns swing out over the heads of the orchestra. The effect is very pretty."

There are several catchy songs and some good voices to sing them. Miss Gladys Van, once a favorite at Glenwood Park, had four songs to her share, and made good all around.

Miss Parcell has a powerful contralto voice, which was heard to advantage in several selections, and Miss Myrme Taylor, who is no stranger here, rendered her selections pleasingly. The chorus contains some very pretty girls and the costumes and scenery fulfilled all the promises of the advance notices, which is somewhat unusual. This attraction will be seen at the Morton Theatre, Madisonville, November 16th.

## Come Now Own Up

You don't like those gray hairs, do you? And your husband certainly doesn't like them. Then why not try a bottle of Ayer's Hair Vigor? It restores color to gray hair every time, all the deep, rich color of early life. And it cures dandruff also.

"I certainly believe that Ayer's Hair Vigor is a splendid preparation for the hair and scalp. For I have used it more or less for six years. I can heartily recommend it to everyone in need of hair restoration."—Miss Kate Hoyt, Minneapolis, Minn.
